WHAT IS BIS ?

IMPORTANT POINTS ABOUT BIS

If production of multiple products covered under BIS is done in a single factory, **multiple licenses are required.**

Licenses are **granted only to manufacturers** not to traders, importers, aggregators, brands, etc.

Test facility as per the applicable Indian Standard (IS) is **mandatory** at the manufacturing premises.

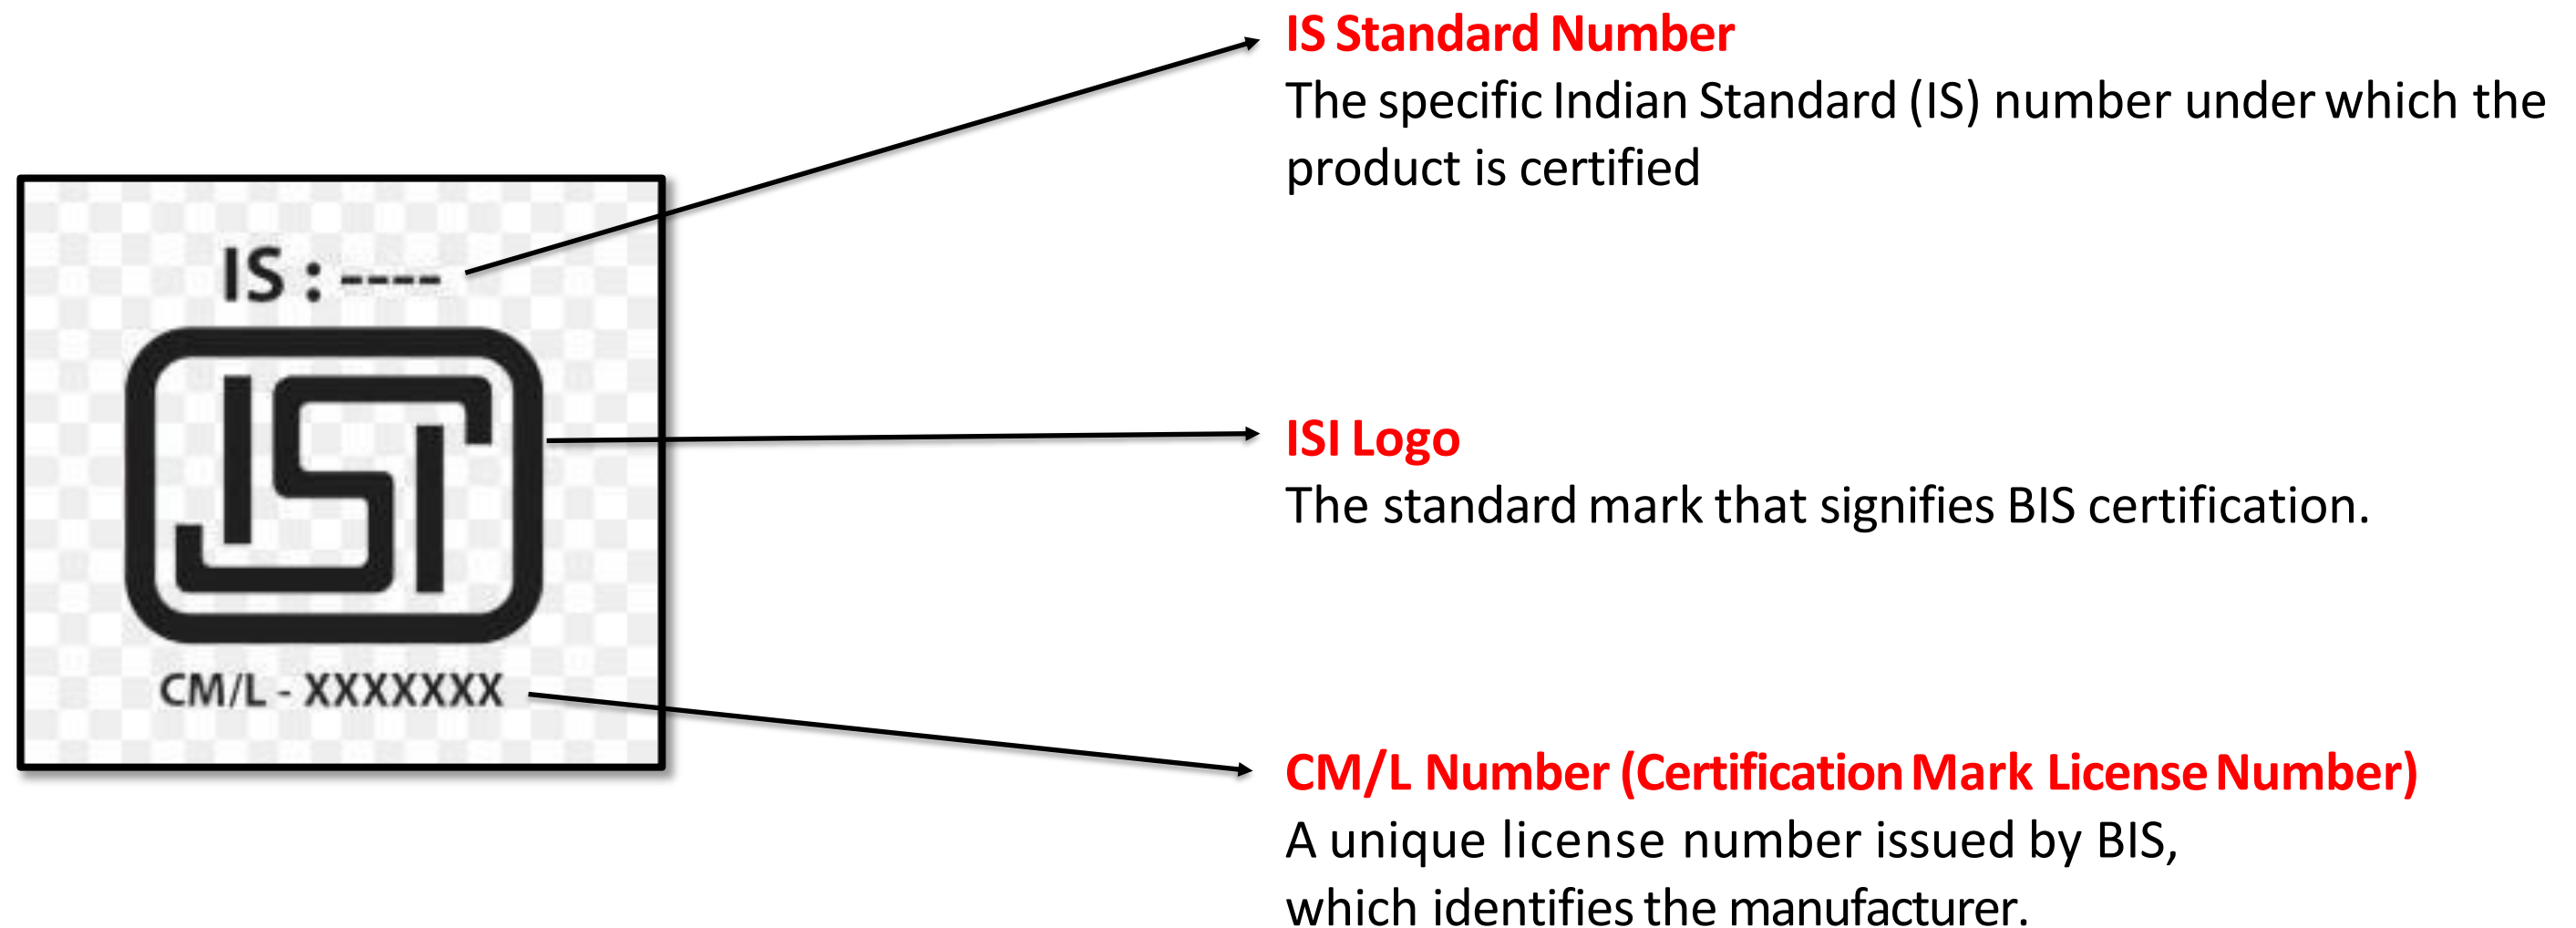

After the grant of license products are to be **mandatorily marked with ISI logo** and other details as per the standard.

Initially the license is granted for 1 year, after that it can be renewed every year.

ISI MARK REQUIREMENTS AFTER GRANT OF LICENSE

Once the manufacturer obtains a BIS license, they are authorized to mark their products with the **ISI logo** as per the details below:

APPLICABLE INDIAN STANDARD(S) AS PER THE PRODUCT(S)

S. No.	Indian Standard	Description of Indian Standard	Date of Implementation For Foreign applicants/Large scale companies

PROCESS OF GRANT OF BIS LICENCE

Preparation of documents according to the detailed checklist provided by us containing formats as per BIS' guidelines

Checking the availability of in-house testing equipment as per the standard. If the factory does not have complete testing facility, it is mandatory to be established.

Submission of application by paying the application fees & submitting hard copy documents at BIS HQ in New Delhi.

Scrutiny of submitted documents and communication of queries (Technical or documentary) by BIS on mail which will be sent to the factory and AIR.

Submission of relevant documents by factory with respect to the queries raised (if any).

Factory audit by the BIS appointed auditor.

Sending the sealed samples to BIS approved laboratory in India as instructed by the auditor

Clearing post-audit queries (if any)

If the sample(s) sent to the BIS lab passes, the license is granted, after that the products can be marked with ISI logo.

Submission of Bank guarantee and other documents at BIS HQ.

WHAT HAPPENS IN AN AUDIT ?

1

Scrutiny of original documents that have been submitted during the application submission.

2

Verification of the manufacturing unit, machinery, lab equipment, process, etc.

3

Testing of the sample in in-house laboratory.

4

Sealing of sample(s) by BIS officer in the factory for testing at a BIS approved laboratory in India.

BIS SURVEILLANCE PROCEDURE

BIS Conducts 4 surveillances annually on all the licensees, the details are as below:

- Random market samples are collected by BIS and are tested in BIS approved lab 2 times in a year.
- Random factory surveillance audits are conducted twice a year to check if all the formalities are met by the licensee mentioned in the previous slide of “Post License Compliances”.
- Samples need to pass more than 50% times to avoid suspension of the license.
- **Note: As of now for foreign manufacturers only market surveillance is being carried out, factory surveillances will be carried out in future.**

AUTHORIZED INDIAN REPRESENTATIVE (AIR)

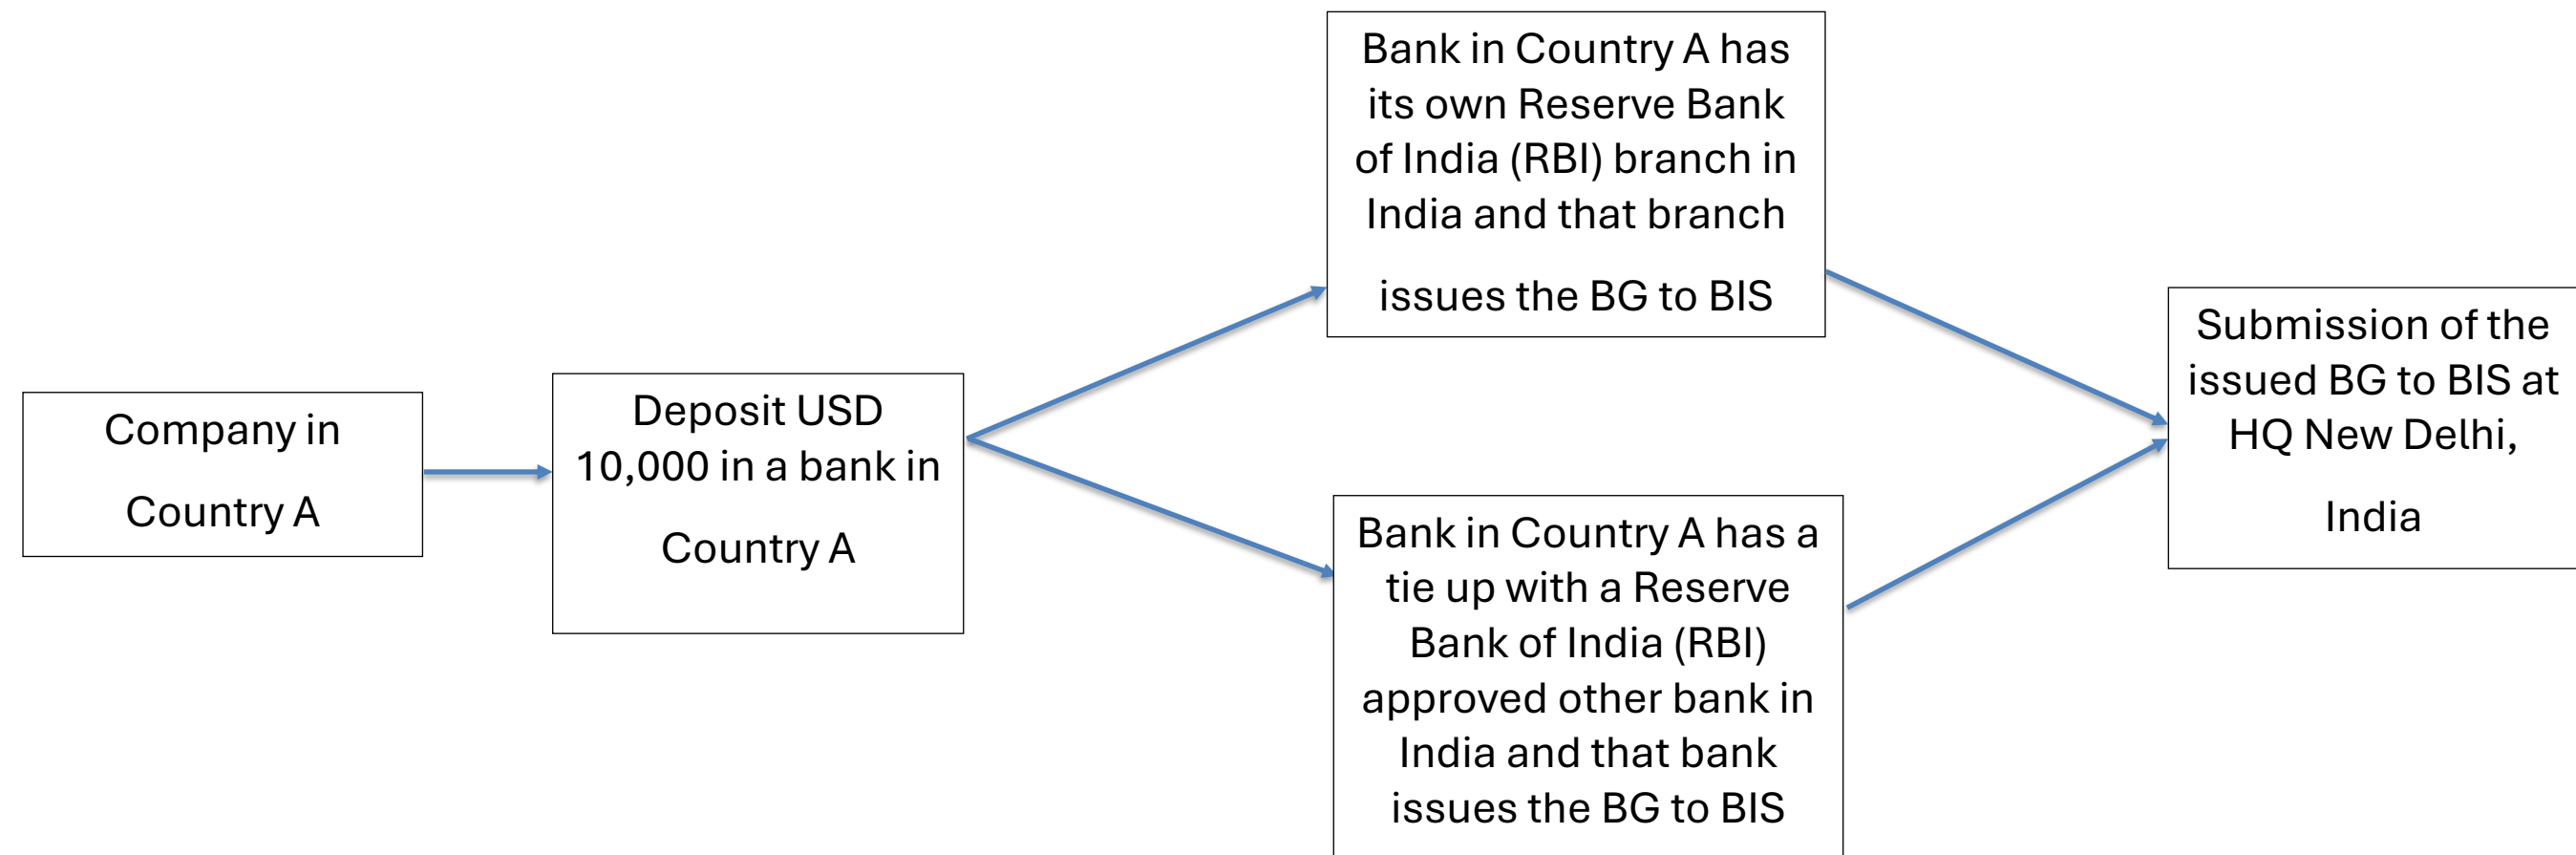

As per the BIS Regulations, all the foreign manufacturers applying to obtain license must appoint an Authorized Indian Representative (AIR).

- All the communications throughout the license process will be done with the factory and AIR at the same time.
- AIR is responsible for the license, and if there is any misuse of license by the factory, AIR is held responsible along with the factory.
- All the documents that are submitted during the application process, and post license grant compliances is to be jointly signed by AIR.
- AIR acts as a bridge between BIS and the manufacturer for smoother communication.
- The authorised representative shall remain obligated to observe and comply with the terms and conditions of this agreement, as well as the provisions of the BIS Act, 2016, and the rules and regulations framed thereunder, on behalf of the manufacturer. Accordingly, the authorised representative shall be personally responsible and liable for any acts, omissions, or violations of the terms of this agreement or the provisions of the BIS Act, 2016, and the rules and regulations made thereunder.

Note: There are several other conditions as well

PROCESS OF SUBMISSION OF PERFORMANCE BANK GUARANTEE

Note: Validity of the BG must 6 months more than the last date of the license and it must be submitted within 45 days of grant of license
